

# WE ARE HIRING

## Hourly College Students

### Summer and Fall Job

The Oklahoma Panhandle Research and Extension Center is looking for hardworking, reliable and team-oriented people.

### Responsibilities:

- Work with corn, cotton, soybeans, grain sorghum and cover crops.
- Data collection: measuring plant growth stages, measuring plant physiological parameters (leaf area, stomatal conductance, plant height, soil sampling etc.) using physiological equipment. The student will be trained in manual data collection, running data collection equipment and be familiarized with crop production.
- Assisting graduate students in their studies.

### Benefits:

- This opportunity will give you first-hand experience conducting and engaging in research experiments, crop production, and networking in academia and industry.
- Works around school schedule
- Hiring for Summer and Fall (possibly year-round)
- Bi-weekly paychecks

### Requirements:

Students majoring in agriculture (soil science, agronomy, animal sciences) are preferred, but not required. Driver's license is required, experience with tractors or farm equipment is a plus.

Please call Sumit Sharma at 814-206-4465 or come by for an application. We are located on the south end of the OPSU Farm/rodeo arena. Tan building with orange door and OSU sign.

Oklahoma State University is an Affirmative Action/Equal Opportunity/E-verify employer committed to diversity and all qualified applicants will receive consideration for employment and will not be discriminated against based on age, race, color, religion, sex, sexual orientation, genetic information, gender identity, national origin, disability or protected veteran status. For assistance with the application process or to request an accommodation to enable application, contact OSU Human Resources, 106 Whitehurst, Stillwater, OK 74078 or call 405-744-7401.
