## Tri-County Electric Scholarships

Est. 2013

Tri-County Electric Cooperative, Inc. has given scholarships to local graduating seniors whose parents are members of the cooperative for many years. In 2013, it chose to delegate the procedure to Panhandle State Foundation, double the number of recipients and make the scholarships also available to returning sophomores. These scholarships are just one of the many ways Tri-County Electric Cooperative, Inc. gives back to the communities it serves.
