Aggie Football Select Seating

Chair-back type seating is available at Carl Wooten Field. The area runs from the 40-yard line to the opposite 40-yard line. The seats are located in front of the press box and are the best seats in the house. There are 16 seats in each row on either side of the mid-field hand rail and extend 6 rows down from the front of the press box.

Seats may be reserved for \$100 each for the 2011 season. Patrons will have the option to renew that seat through 2015 for \$50 per year.

The advantages

- Guaranteed seat location for 5 years with renewal;
- Comfortable seat with arm rests and a back;
- Choice location in center of the north (home) stands right in front of the press box;
- Reserved seats that allow you to arrive any time during the game and have your own seat available.

The Seat Cost \$100 for the first year

The fee for the Aggie Select Seating (reserved seat) is \$100 for the 2011 season. The seat may be renewed each season for \$50 every year through 2015.

Preferred Parking Area \$50 per season

In conjunction with Select Seating, we also offer Preferred Parking in the lot on the north side of the stadium, specifically located between the stadium, the Firestone Meat Lab, the Science and Ag Building, and the Greenhouse. Thirty spaces will be available for only \$50 for the season. These are the most easily-accessible parking places to the Select Seating area. Those who purchase the spaces will be allowed entrance through the gate in the middle of the football stadium.

Purchasers will be issued a special pass to hang from their vehicle's rearview mirror that will allow access to this parking area.

The spaces in the area will be sold on a first-come, first-served basis. Only 30 spaces will be sold. Fans who purchase a space will have convenient parking no matter when they arrive at the stadium.

The seating area for the reserved, chair-back seats is located between the 40 yard lines. There are 32 seats in a row (16 on each side of the middle hand rail). The seating begins directly in front of the press box and extends 6 rows down.
