

Name: Linda Johnson

Grade Level/Subject: 9th Grade Alt. Ed. Math

Topic: Deposits Slips

Objectives (P.A.S.S.): Process Standard 1

Instruction: They need to read the directions at the top of the page and it will tell them step by step how to fill out a deposit slip.

Instructional process: We looked over the paper after they read the directions and talked about how we needed to fill out the deposit slip. They had not filled out a deposit slip so we went through the steps together.

Closure: After we finished this lesson we went to the bank and they showed the students the processes the deposit slip goes through to make all of this work. That helped them see the processes of the banking part.

Assessment: The students really enjoy seeing the proof machine work and the processes that a deposit slip goes through at the bank.

Modifications/Accommodations: Once we talked about the deposit slip they really did not have a problem filling it out.

Reflection: The students really enjoy getting out of the class room and going on a tours.

Deposit Slips

Checks are often used in place of cash. Paying bills with a check is safer and more convenient than carrying around large amounts of money. To be able to write a check, you must first deposit money into a checking account. Deposit slips are used to record the amount of money deposited.

Example: Scott wishes to deposit two checks, one for \$59.95 and the other for \$45.00. He also has \$40.00 in cash to deposit. This is how the deposit slip was completed:

SCOTT L. JONES 18 EDGE LANE FULTON, NY 13069		CURRENCY		40	00	
		COIN				
DATE		April 12		19 96		
SIGNATURE REQUIRED FOR CASH BACK		LIST CHECKS SINGLY
