*"We are successful
because we surround
our students with people
who care just as much
about their success
as they do. We help
people fulfill the promise
of their potential, and
we do that as well
as anyone in America."*

STUDENT LIFE

Student Activities and organizations play a huge role on the Panhandle State campus. Events are held throughout the year and are free of charge for all students to attend. Clubs and organizations on campus will allow students to stay active and meet others who have similar interests. We have several facilities available to Panhandle students to use, which include: an outdoor walking path, outdoor basketball and tennis courts, and the Noble Activity Center housing basketball and volleyball courts, indoor walking/running track, and lounge.
